

FOURTH YEAR.

MAYSVILLE, KY., MONDAY, JULY 15, 1895.

**LARGEST IN THE CITY.**

**Purely Business!**

The columns of a newspaper represent a cash value. No publisher can afford to give advertising notices free any more than a merchant can to give his customer free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

**The Continued Calls**

upon The Lender for free notices have become so burdensome that we are forced to publish the following terms:

**For Notices of Suppers,**

entertainments, fairs, or other public entertainments where a fee is charged, and for ordinary notices, remittance of request, etc. The Lender will charge FIVE CENTS A LINE, and hereafter this will be the reasonable rate. This, however, does not include

**Does Not Include**

notices of Lodge meetings or Church services, which must not exceed ten lines.

**Avoidance of Disputes.**

Misunderstandings are unpleasant. The rate for business leads in The Lender is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line local inserted in the paper. "If it will, when you take it out," he says to the bookkeeper. But he forgets all about it. The notice runs for two months—six times—the bill is \$12.50. When he finds it out there is a "hic" and a controversy. "If it is to be a 'hic' and a controversy," the bookkeeper will be pleased to accept the termination will be pleasant all around.

All matter for publication must be handed in before 9 o'clock in the morning of each day.

If you have friends visiting you, and you are expecting them on a visit, please drop us a word in the office.

### KENTUCKY REPUBLICAN PLATFORM.

We are opposed to the free and unlimited coinage of silver, believing that it would destroy the currency and in the use of gold and silver for currency, provided always that a dollar in coin is made precisely as valuable as a dollar in the other.

We favor a tariff as regulated so to protect the interests of all classes of our citizens upon articles that may be successfully manufactured or produced in this country, thus insuring good wages to the laborer and a home market for the producer; and in connection with this we favor the re-establishment of the doctrine of reciprocity. We believe that such a system will develop every Government, rapidly liquidate all our indebtedness, restore public confidence and respect to the laws of the Union, and will result in a more efficient and economical Government.

### Uncle Sam's Shortage.

The deficit in the National Treasury for the first thirteen days of the present fiscal year is \$13,509,490 10.

MANUFACTURERS have long known that they must contend with fraudulent undervaluations under an ad valorem tariff system, but the growth of the frauds during the past few months has been outrageous.

Several lots of wool Henrietta dress cloth were received at the New York Custom-house recently at prices quoted at less than 40 cents a yard. In almost all instances the appraisers raised the price and added the cases in which the goods were consigned.

Upon several lots of men's flat black Hiale gloves the importer had placed a price of 1.32 marks per dozen. A mark is about 34 cents, so it will be seen that these fine Hiale gloves were entered at the astonishing price of about 32 cents a dozen pairs. What is more surprising is that the goods passed through at that price with the exception of the addition of the value of the boxes.

Fourteen lots of rams were imported and prices quoted by the importer for some of them were as low as 10 cents each and some of them higher than 20 cents each.

## BROWN'S IRON BITTERS

How many articles are admitted day by day at such unfair prices, thereby coming into competition with American goods upon unjust terms, is of course unknown. Not only is the Government Treasury thereby defrauded, but the operatives in American mills are subjected to a ruinous competition. The sweeping reductions in the duties on imported goods in the textile lines have greatly increased the importations of that class of goods and the frands have increased proportionately with greater rapidity even than have the importations.

The Republican plan was to place a specific duty on foreign goods, so there should be no room for fraud in the tariff. The Democratic plan is to place an ad valorem duty on foreign goods, and as a result there is just now a reckless scandal in the New York Custom-house because of the undervaluation of goods, resulting in immense frands upon the Government and the consequent enrichment of the rascals who are in authority there.

T. W. Collier has been appointed Postmaster at Harrison, Lewis county.

Deafness cannot be cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be forever lost. It is not cured by cathartics, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness caused by catarrh, that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

## THIRD DAY

Of the Great Christian Endeavor Convention.

The Usual Morning Prayer Meetings Were Held in the Churches.

Rev. H. F. Shupe, of Dayton, O., Presided at Forenoon Session—Flag Presented to the Syracuse Union for West Work in Promoting Christian Citizenship.

BOSTON, July 15.—The third full day of the great Christian Endeavor Convention, international citizenship day, opened with the same fair sky and cool atmosphere which characterized its predecessors. The usual early morning prayer meetings were held from 6.30 to 7.15 a. m. in various churches, and were in number, some prominent visiting divine presiding at each. As usual, they were crowded. Mechanics hall contained a great throng at 9.30 when the forenoon session opened. Rev. H. F. Shupe, of Dayton, Ohio, one of the Christian Endeavor trustees, presided, and George C. Stebbins led the usual twenty minutes' praise service.

The first formal exercise was the presentation of a banner to the union representing the best work in promoting Christian citizenship. Rev. C. M. Southgate, of Worcester, Mass., made a happy speech of presentation and handed the flag to the representative of the Syracuse Union, N. Y. union, who was the representative of the Christian Endeavor trustees, presided, and George C. Stebbins led the usual twenty minutes' praise service.

The address of the morning was then delivered by Bishop Alexander Walters, D. of Jersey City. At 12.15 p. m. Rev. J. Wilbur Chapman, D. D., of Albany, addressed a large gathering in Faneuil hall. Tent William, on Boston Common, was also packed at the opening of the morning session. President Clark presided and George J. Somersby, of Boston, led the twenty minutes' praise service. Six speeches called "Voices from North America" were delivered by Rev. D. C. McDonald, of Grafton, N. D.; D. D. of the North; Prof. W. A. Taylor, Birmingham, Ala.; "A Voice from the South"; Rev. J. A. Allard, D. D., of Seattle, Wash.; "A Voice from the West"; Miss Charlotte Thorndyke, Belfast, Me.; "A Voice from the East"; and Rev. Mungo Fraser, of Hamilton, Ont.; "A Voice from Canada."

All were full of encouragement because of results accomplished and enthusiasm in view of results expected. In this tent Rev. C. L. Morrill, D. D., of Denver, presented the banner to the local union representing the best work in promoting Christian citizenship. After singing Bishop B. W. Arnold, D. D., of Wilkes-Barre, Pa., delivered the principal address on "The Responsibilities and Possibilities of an American Citizen."

The meeting then dissolved and the audience joined the great crowd at the open air meeting around the soldier's monument. As vast a concourse as could be crammed beneath the canvas was present in tent Endeavor when Trustees Rev. J. M. Lowden, of Boston, opened the forenoon session, and Rev. J. Foster, of Washington, D. C., began the preliminary prayer service. "The voice from North America" was also the feature of the occasion. Rev. Wm. G. Clarke, D. D., of Chicago, then conducted a very interesting open parliament on the topic, "What are you doing for Christian citizenship?" this was followed by a repetition of the presentation of a banner to the local union representing the best work in promoting Christian citizenship, the presentation speech being made by Rev. Edward Young, of New Haven, Conn. The great gathering then joined the larger one at the open air meeting around.

Girl Casts Drowned.

CLEVELAND, O., July 15.—Two girls named Flora Gedeon and Mary Tomach, who accompanied an excursion from this city to Chippewa lake, were drowned Sunday by the capsizing of a rowboat. The girls went out rowing with Adolph Schwartz. When they were quite a distance from shore they tried to exchange places with each other, and the skiff was overturned. Schwartz clung to the boat and was rescued, while his companions sank at once. Their bodies were not recovered. The girls were cousins.

Donation for University of Pennsylvania. PHILADELPHIA, July 15.—The first donation to the proposed \$50,000 endowment fund for broadening the scope of the University of Pennsylvania came on Saturday. At a meeting of the trustees of the institution it was announced that a contribution of \$50,000 had been made by Thomas McKean. This is the second contribution by Mr. McKean to the university, a similar amount having been given within a few months.

War Medal Found. WASHINGTON, July 15.—A laborer on the farm of Dr. Grimes Brown, a few miles west of this city, unearthed a gold medal about the size of a 50 gold piece. On one side is a vignette of Gen. George H. McClellan, encircled with the letters of his name, and on the other side appears the name of Franklin G. Pullincher, Company G, Twelfth Vermont Volunteers. It is supposed that the medal was lost during the late war.

Killed Her Two Children With a Hatchet. SUDBURY, Ill., July 15.—Mrs. J. De Bay, of Annawan, in a crazy fit, killed her two children, aged 3 and 5 years, by clubbing their skulls with a hatchet. Mrs. De Bay had recently been liberated from an insane asylum. She and her husband had trouble, and it was when she was in a bad mood that she did the terrible deed. She is under arrest.

A Desperate Cutting Affray. LOUISVILLE, Ky., July 15.—Mugger details have been received here of a desperate cutting affray in Shelby county in which two young farmers were literally hacked to pieces, and so badly cut that the attending physicians say both will die. The victims are Isaac Huffman and Marshall Garner. Huffman owns a farm and Garner, who lately came to the state from Tennessee, worked on an adjoining farm. And did it ever occur to you that a single copy of The Maysville Republican—our weekly edition of The Public Ledger—contains more home news than you could embrace in a hundred ordinary letters? And did it ever strike you that you could send the paper to your relatives and friends for a whole year at less cost than you can write a letter every week? Besides, don't you think a year's subscription to The Maysville Republican would be a present highly appreciated by those at a distance? Suppose you try it and hear what they have to say on the subject.
